

Practical Information
3rd Nordic Breast Pathology
Symposium 2027
Bergen - Norway
Solstrand, January 26-27, 2027

Welcome!

We look forward to spending the 3rd Nordic Breast Pathology Symposium with you at Solstrand, Bergen! Below you will find the necessary practical information. The program will be issued on [this page](#).

Registration (very important)

Please fill in and submit your [registration](#) as early as possible, and within **November 15**. Please note that the form is not submitted until you have received the online and email confirmation. In the registration, you will be asked to choose which parts of the Symposium you will attend and which nights you need a hotel room.

Practical information

Cost sharing

The heavily subsidized registration fee for academic participants is 4000 NOK/400 Euro per person for the two symposium days and one overnight stay with full board. For industry participants, separate terms apply.

Paying the own contribution

When registering, you are asked to inform us whether the funds you will use for the own contribution are located at the UiB or outside of the UiB. Those using funds located outside the UiB will need to pay at the hotel reception upon checking out. Alternatively, we can issue an invoice that will include an invoicing surcharge of 500 NOK/50 euro plus 25% VAT on top of the whole amount. Those using funds located at UiB can get an internal UiB invoice after the symposium. Neither paying at the reception desk nor getting an UiB internal invoice entails any additional fees or extra VAT.

Arrival, registration, and name tag on January 26

You will find a separate registration desk in the hotel lobby on the morning of May 26. Please register there and find your name tag. If you arrive late, you can find your name tag inside the lecture hall. We kindly ask you to wear your name tag throughout the

whole conference, also during meals (hotel requirement). Payment is to be made at the hotel reception upon checking in or out, not at the conference registration desk.

Room reservations, luggage, check-in, and check-out

Check-in will be possible from 15:00 at your day of arrival. Luggage can be kept in the luggage room. The latest check-out will be at 12:00 the day you depart. We have reserved the whole hotel for the symposium, so your name will appear in the hotel system only a day or two before the symposium starts.

Wellness at Solstrand

Solstrand Hotel has multiple swimming pools, saunas, a gym, as well as the possibility of diving into the sea itself (strongly recommended for a morning/noon/evening dip). The use of these facilities is included in the conference fee, whereas costs for any individual treatment will have to be paid for by the individual participant.

Food and drink

Upon arriving and during the symposium, please feel free to help yourself with the coffee, tea, and light food placed in the hall marked with CCBIO's logo. Breakfast on January 26 is not included unless you have an overnight stay from January 25, and please keep clear of the dining hall until lunch on January 26. Lunch is included each conference day, and dinner in the evening of January 26, if you have selected this option when registering, as well as breakfast on January 27 for those having stayed overnight. Soft drinks during meals and a certain amount of wine/beer for dinner are included in the registration fee. Further beverages and snacks from the minibar can be purchased individually.

Wireless internet at Solstrand and the airport

All Norwegian airports have free Eduroam. At Solstrand, the wireless network is open without a password.

Smoking

Solstrand is a non-smoking hotel, and all rooms, including balconies, are non-smoking, as is prescribed by Norwegian law. There is a smoking pavilion by the reception, and as long as you stay well clear of the entrances and keep a minimum 10-meter distance from the hotel building, smoking is permitted outside. Please dispose of your cigarette stumps at the designated places and be considerate towards the other guests.

Sharing rooms

If you want to or are willing to share the room with someone, please state this when you register. If you decide to share your room after registering, please send an e-mail to geir.loken@uib.no.

Travelling to and from Solstrand

Participants need to arrange their own transport to and from the symposium, and we encourage participants from Bergen to share cars as parking space is limited. There are direct buses from Bergen Bus Station, taking 50 minutes. The stops are either "Osøyro,

Bjørnafjorden” or “Solstrandvegen, Bjørnafjorden”, followed by a 20- or 10-minute walk respectively to reach Hotel Solstrand.

Arrival and departure by plane: Bus/Light Rail vs Taxi

You are expected to arrange your own transport to and from the symposium.

Upon arrival at Bergen Airport Flesland, we recommend that you take either a taxi from the taxi stand at the airport to the hotel (address below) or the light rail + bus.

Light rail and bus take about 60 minutes and entail two to three transfers plus a walk of either 20 or 10 minutes, and cost around 40 NOK/4 Euro. It will also necessitate that you install the app called “Skyss billett” or buy a single ticket at a ticket machine. The single ticket is valid for unlimited bus- and light rail travel for an hour. For schedules, go to www.skyss.no/en and travel from “Bergen lufthavn, Bergen” to “Osøyro, Bjørnafjorden” or “Solstrandvegen, Bjørnafjorden”, then walk to Hotel Solstrand using Google Maps for navigation.

Norwegian taxis have card terminals and will accept all major international credit cards. Ask the taxi to take you to Hotel Solstrand at Os. From the airport, it would normally cost around 1 000 NOK/100 Euro and take around 30 minutes (up to 25 min longer during rush hours 07:00 to 09:00 and 15:00 to 17:30). For the return trip to the airport, you can (well in advance) either order a taxi yourself (+47 07000) or ask the staff at the hotel reception desk to order on your behalf.

About Hotel Solstrand

Solstrand Hotel & Bad is a historical hotel established in 1896 and situated right by the Bjørnefjord, an arm of the Hardangerfjord, 30 km south of the airport. This hotel was recently rated as Norway’s best hotel, and its unique location is very beautiful.
