

14th International Junior Academy – Summer School in Budapest / Hungary August 8 – 10, 2024

The German, British & Hungarian Divisions welcomes you to the 14th International Junior Academy Summer School to be held in Budapest / Hungary as an in-person event.

As always, this annual Summer School is aimed primarily at young pathologists worldwide as well as for specialists for a re-entry.

Selected topics are discussed in depth by experts and participants are encouraged to fully participate in all the sessions and to meet and have discussions with the experts.

Participants are also encouraged to bring and present interesting cases on any of these topics which will then be discussed by all the attendees at the school.

The Summer School, unlike other Schools of Pathology, also provides the unique opportunity for participants to meet with other young pathologists from many countries and to exchange ideas.
